Dear Customers:

The Seattle Home Show, the Washington State Department of Labor and Industries, and the Better Business Bureau have been working together with the Vendors to ensure a very consumer friendly Home Show. We hope you find all of the resources you need to make your home dream a reality. But, we also want to remind you to be prudent when signing contracts and advancing money for projects – you should do your own background and reference checks and protect your funds. Labor and Industries and the Better Business Bureau both offer websites where you can do some research on the companies you are interviewing. Be a cautious and informed consumer and do your homework prior to signing a contract or advancing a down payment.

For more information and tools, go to:
